### Planning Process - Next Steps

At the May 19 Voter's Meeting, a proposed new mission statement and core values were presented, along with options for facility updates/expansion. Thank you for everyone who provided input on these important matters! The large majority of those who gave feedback were in support of adopting the new mission statement and core values. Input regarding the facility options was mixed. The two options that most members are interested in pursuing are 1) modifying the existing church building by adding new offices and an addition toward Grand Avenue, and 2) building a church at the school campus, especially if we can acquire additional property at that location. The Planning Committee believes it will be helpful to provide more information and concept drawings for these two facility options, so we have asked our architects to develop drawings in the coming months. We plan to present these plans early this fall and ask for additional input at that time. Until then, please continue to pray for God's guidance as we consider the mission He has called us to and what facility option will be best to carry out His ministry at Trinity Lutheran Church and School.
